

AT LEADERSHIP PATHWAY

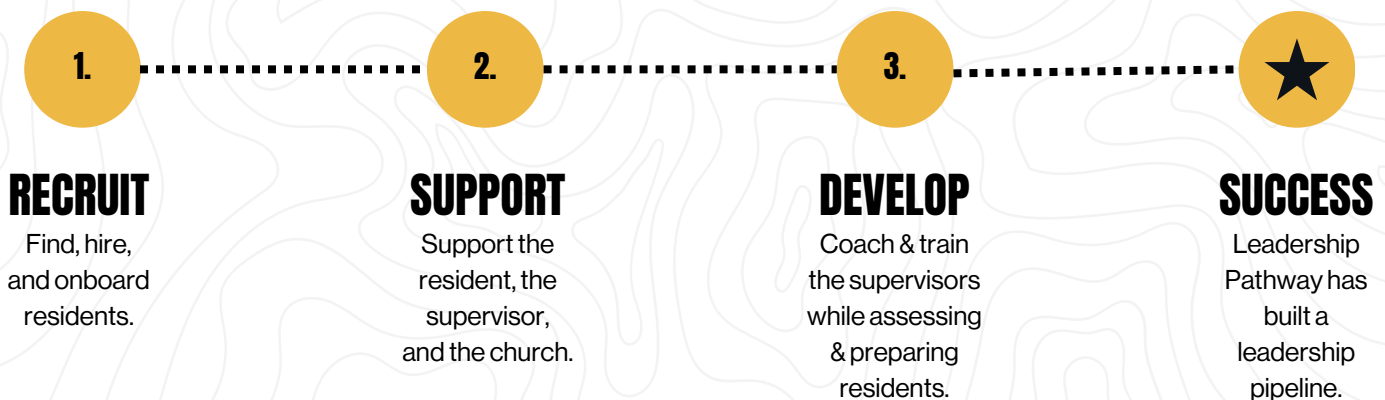

We know you want to pursue ministry plans without worrying about staffing your dream team. In order to do that, **you need a system that solves your staffing needs while fitting within your budget.** The problem is, it takes a lot of moving parts to build a sustainable way to develop future, qualified leaders. This can be overwhelming in light of all the other time demands on you and your team.

We believe it should be easier to find, develop, and keep younger leaders.

THIS IS WHY WE SERVE CHURCHES BY HELPING THEM LAUNCH RESIDENCY PROGRAMS TO DEVELOP THE NEXT GENERATION.

We understand the burden of recruiting the right talent, which is why we've developed a system that has placed 100+ pastoral candidates across all of our partner churches. We've interviewed and screened over 2,500 candidates since 2016.

- We recruit and screen residency candidates for your team.
- We support them and your staff through the process.
- We develop your staff in the best practices of coaching young talent.

HERE'S YOUR PLAN TO GET STARTED:

1. Book a call with our team.

2. Launch a customized residency program.

3. Build a reliable leadership pipeline with young candidates.

In the meantime, check out [this free eBook](#) on five core competencies we believe everyone on your future team must have developed in them for maximum success.
